

Channeling Your Superpower

The life-defining power of thought

DELIVERY : 30-60 minute keynote

SUMMARY

Some people come from nothing and overcome tremendous adversity to achieve success. Others come from backgrounds of education and privilege, yet achieve nothing. What is it that differentiates people who succeed from those who do not? Is it nature, is it nurture, or is it something that can be mastered and controlled? In this inspirational tell-all presentation, Matthew uncovers the secrets behind his tremendous achievement and that of his clients, showing how participants, with a few changes in behavior and mindset, can create an unstoppable force of focus, motivation, and no-limit thinking.

STRUCTURE

Matthew will share the practical strategies he and thousands of his clients use every day to obtain skyrocketing productivity, innovation, and focus in their careers, businesses, and lives. Participants will walk out with a genuine, lasting belief that they too can achieve what others consider “impossible” – and they’ll know the exact steps to follow to go out and make it happen.

- 1. We are what we believe.** Henry Ford said, “If you think you can or think you can’t...you’re right.” Too often we assume something can’t be done – or at least, not by us. Participants will discover the power of “what if” thinking, and how this simple change can lead to positive ripple effects across their entire lives.
- 2. Controlling the critic within.** Thousands of years ago, the inner critic was useful in warning us of potential dangers. Today, it simply traps us in lives of mediocrity. Science suggests that we have between 12,000-60,000 thoughts a day; participants will discover how to control this barrage of thoughts and channel them towards accomplishment, not paralysis.
- 3. Harness your superpower.** Discover the key to unleashing an avalanche of energy and focus, and learn precisely how to channel it to drive achievement, momentum, and growth.

This session is ideal for corporate retreats and conferences where the goal is to increase productivity and innovation through fostering a more purposeful, congruent, and excited team. Small business owner associations and entrepreneurship summit participants also benefit tremendously from this presentation, walking out with a new sense of possibility and a tool kit for success.
